OUR PHILOSOPHY

We are committed to teaching each athlete the proper **fundamentals of football** in a non-threatening environment at a reasonable price. We have Fremont and Omaha area high school and college coaches who have years of football coaching experience.

Athletics offer **educational process** in life that when seized and utilized properly, with discipline, and help develop young men with skills necessary to become **strong and productive leaders** in our society. We bring together athletes and coaches who have achieved different levels of **success**.

Our instructors are committed to sharing with athletes the perseverance, discipline, and the dedication needed to achieve one's maximum potential. Every athlete has an opportunity to improve their skills and receive guidance in developing physical strength and motivation.

In addition, we want to utilize the time we have with the athletes by sharing with them important facts and information involving key issues that they face on a day-to-day basis. Every year we try and improve what the camp offers athletes, both physically and mentally. We hope that by the time these athletes leave they have a better feeling of self-worth and are more motivated to become a better athlete and better person.
